

Technical Data Sheet

Led Strip ELK SAMSUNG 102 24V

Led Strip, flexible 24V, 4mm

| | |
|---------------------------------------|---|
| Storage and working conditions | Temperature: -20 to + 50 C°, Humidity: 30 do 70 % |
| Color Temperature (°K) | 3000, 4000, 5000, 6500 (other colors on order) |
| Rated voltage [V] | 24 DC \pm 0,5 |
| Current [A] | 1,3 / mb \pm 10% |
| Output Power [W] | 31,2 /mb \pm 10% |
| Luminous flux [lm] | 3450 /mb \pm 10% |
| Type of dioda | SMD 2835 Samsung |
| Number od LEDs/ linear metre | 102 pcs |
| Dimensions [mm] | 15300/ 4/ 1,5 |
| Module lenght [mm] | 60 |
| Predicted durability | 50.000h |

Comments

- The product has been marked with the CE Mark
- The product designed to internal usage
- Actual parameters may differ from those specified above depending on the power supply parameters and conditions of use
